RON MALTECO: THE SPIRIT OF THE ADVENTURER

Ron Malteco, a unique distillate produced in Panama, is the skillful outcome of Guatemalan Masters Cantineros' ancient art, who have handed down the formula of a superb blend. Fresh cane juice and high quality yeast, distilled by column still and combined with the best bourbon barrels ensure a divine nectar.

The legend tells that this was possible thanks to the blessing of the Quetzal bird with its more-than-a-meter-long feathers. Venerated by Pre-Columbian people and stylized in the Malteco logo, it was the inspiration for the myth of the feathered snake in the story of Quetzalcoatl god, who came from the sea to teach people.

Open the bottle and let yourself be carried away to those green, sunny landscapes where the plantations of sugar cane, cocoa, tobacco, coffee and citrus trees grow vigorous. Don't you feel like a little bird flying high over this unspoiled nature?

Ron Malteco represents the spirit of the adventurer: a strong yet elegant selection of rums being appreciated by a large public. Its value has also been recognized by expert judges during several competitions. We are proud to share with you prizes and awards we have been collecting during the past few years: the final fulfillment for our never lasting commitment!
